Canterbury House Publishing presents:

## Tell Me About Orchard Hollow

By  
**LIN STEPP**

*Tell Me About Orchard Hollow* is the second in the Smoky Mountain Novel series. In this book, marital betrayal sends New Yorker, Jenna Howell, retreating to her friend's Tennessee mountain cabin in Townsend, TN. She hopes for peace and quiet, and time to think about the course her future should take, but soon finds herself challenged with unexpected events and new friends. One of those is neighbor, Boyce Hart, who Jenna knows she has no right to be attracted to.

**Each novel in this linked series** of upbeat, sentimental contemporary romance novels is set in a different area of the Smoky Mountains so that the reader gets to experience a visit to a new area of the Smokies along with the rich pleasure of a good Southern story about memorable characters. Familiar characters and places tie the stories together in an enjoyable way for readers who like a series they can settle into.

### PRAISE FOR LIN STEPP'S *THE FOSTER GIRLS*:

"Well, I've finally come across someone that believes in all the things that I do... love, family, faith, intrigue, mystery, loyalty, romance, and a great love for our beloved Smoky Mountains. Dr. Lin Stepp, I salute you." - **DOLLY PARTON**, award-winning country music singer, songwriter, entrepreneur.

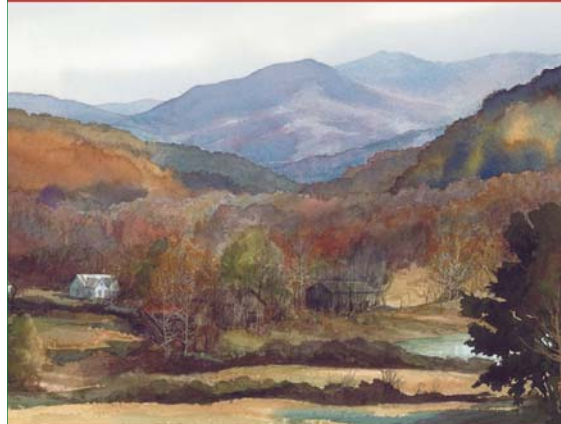

"This warm-hearted and satisfying novel is like sipping a warm mug of chocolate in front of a mountain fireplace. Lin Stepp paints a charming portrait of the Smokies, their people, and a wonderful way of life. ... A richly satisfying novel of love, family and friendship." - **DEBORAH SMITH**, author of *A Gentle Rain*

"In Chapter One, readers will be pulled right into the excitement and mystery of *The Foster Girls*. The series will fill a great need for enchanting novels with high moral standards, real characters with honest problems, ... but books with joyful endings. The setting that Lin Stepp presents is breathtaking." - **LILA HOPKINS**, award-winning inspirational author of *The Master Craftsman*
